This CD-ROM contains the 1994 through 2003 Agricultural Statistics publications, a series of annual reports in electronic format, prepared by the Agricultural Statistics Board (ASB), National Agricultural Statistics Service (NASS), U.S. Department of Agriculture (USDA). Various USDA agencies collaborated in furnishing the information in these publications. An agency contact is provided for each table.

The chapters of the Agricultural Statistics publications are organized into individual PDF (Portable Document Format) documents on the CD-ROM. The documents are available for information, search, and retrieval using Adobe Acrobat Reader 5.0 for Windows, Macintosh, and UNIX. Please note that the Agricultural Statistics publications for 1994 through 2002 are not included in the searchable index. To retrieve the current publication, as well as the previous years, please refer to the **Main Menu**.

Bookmarks and Links

The PDF documents contain bookmarks and links. Chapters, sections, and tables are referenced as bookmarks on the left side of the screen. If a "+" appears next to the bookmark, there are additional bookmarks underneath. Click on the "+" or "-" to expand or contract each level of bookmarks. The titles within the Table of Contents of each publication are linked to the appropriate chapter or section. Within the chapters, the links are outlined in red when referencing tables and figures.

For help on Searching, Copying Text and Graphics, and Printing, refer to **Acrobat Reader 5.0 Help** on the **Main Menu** or use the On-line Help Guide provided with the software. To access the On-Line Help Guide, click on *HELP*, and choose *READER GUIDE*.

Note: The Adobe Acrobat Reader 5.0 will allow up to twenty PDF documents to be opened at the same time. To enable this feature, set the **General Preferences** by clicking on EDIT, PREFERENCES, then choose OPTIONS from the list on the left, and deselect "Open Cross-Document Links in Same Window". To alternate between the opened documents, select *WINDOW*, and click on the document name or use the *CASCADE* or *TILE* feature.
